Request for Bills of Lading on  
MYTOPAZ Shipments

Action Requested: Preparation and transmittal of bills of lading on  
each OBTUSE shipment.

1. In order to help this desk keep closer track of orders and inventory, it is respectfully requested that MYTOPAZ transmit a bill of lading with every shipment of leaflets or articles to Athens station. If at all possible, the bill of lading should specify the number of boxes, the approximate number of leaflets and articles as well as the weight of the articles and leaflets in the shipment. Three copies of the bill of lading should be given to the SOLUNNOX officer in charge of the flight transporting the material to Athens.

2. OBTUSE wishes to express its gratitude to MYTOPAZ for its excellent support. We realize that many of our leaflets have had to be printed on a "crash" basis making your job more difficult. Unfortunately we have had no alternative on OBTUSE because we must make every effort to keep the copy timely. We are therefore grateful for MYTOPAZ's willingness to inconvenience its staff and revise its working schedule in order to meet our deadline dates. MYTOPAZ's initiative in recommending and fulfilling better packaging and dropping methods have also been appreciated by this desk.
